

# Model Rocketry

**Beginner - K-3rd grade - 3:30-4:30 PM**

**Advanced – 3rd Grade & Up – 4:30-5:30 PM**

**Dates**

Session 1 Begins March 5<sup>th</sup>

Session 2 Begins April 23<sup>rd</sup>

**Cost:**

Beginner Group \$55

Advanced Group \$60

(\$5 more for non-residents)

Fee covers all supplies which will include 2 rockets  
that each participant takes home

Join fellow future Rocket Scientist and NASA Astronauts in this fun and exciting program which will introduce participants to the fundamentals of rocketry and flight. Each session meets for five weeks and will allow participants to build, launch, recover (hopefully), and take home two model rockets. Safety is our #1 goal and each participant will learn how to properly handle model rockets.
