### ***Use Caution on Trails***

Tahoe City, CA – 3/20/13 –

Spring Fever in the air and the community would like to get out on the trails. With that in mind, TCPUD's crew took advantage of the warmer temperatures and began to clear the bike trails earlier than usual. The Truckee River Trail, the North Shore Trail and a large part of the West Shore Trail have all been partially cleared of snow.

Although partially clear, it's important to remember that the bike trails aren't officially open and they have not been repaired, swept or marked. Your safety is the TCPUD's number one concern so please use caution when on the bike trails and keep your eyes open for potholes, cracks, icy sections and debris.
